Dr. Nicholls is a Clinical Psychologist with over 30 years of experience in working with both children and adults. He is currently in private practice in Scottsdale, Arizona, where he focuses upon the evaluation and treatment of neurodevelopmental disorders including learning disabilities, attention-deficit/hyperactivity disorders, autism spectrum disorders, developmental disorders, and other conditions that involve the developing brain.

Dr. Nicholls has served on the clinical faculties of several major university and hospital training programs in psychology, pediatrics, surgery and other health specialties. He was co-founder and president of the Arizona Neuropsychology Society in 2009, served as President of the Arizona Psychological Association in 2010, and was a Member at Large for the American Psychological Association's Committee of State Leaders, for 2009-2011. He was awarded the 2005 Distinguished Service Award by AZPA. He has a long history of community service, and has authored several articles, co-authored a book, and has presented at local, national and international conferences.
