Biography:

Dr. Stasior received her Doctoral degree from the University of Massachusetts in Boston and her Masters degree from Cornell University. She is a Diplomate of the American Board of Pediatric Neuropsychology as well as a licensed psychologist and Certified Health Services Provider. Dr. Stasior completed her pre-doctoral and post-doctoral fellowships at the Children's Hospital and Judge Baker Children's Center - Harvard Medical School. She also trained in Clinical Child Psychology at McLean Hospital - Harvard Medical School.

Dr. Stasior specializes in the assessment and ongoing clinical care of children and teens with varied developmental concerns, such as learning disorders, ADHD, medical illness, and consequences of premature or multiple birth. She serves as developmental consultant to several preschools, public school systems, and independent elementary and secondary schools. She also lectures frequently on various topics related to the neurocognitive development of children. She has three children of her own, a 13-year-old daughter and 10-year-old twins, a boy and a girl.

Services Provided

Dr. Stasior provides neuropsychological and developmental assessments for children as well as consultation for their parents and care-givers. She also provides ongoing developmental management for children with learning and developmental concerns. She is also available for consultation to other pediatric or mental health professionals.
