Biography:

Josh Hall is a pediatric neuropsychologist at Children's Mercy Hospitals and Clinics. He completed his doctoral degree at Ball State University, internship at the Indiana Neuroscience Institute and fellowship training at the University of Arkansas for Medical Sciences (UAMS). He has authored or co-authored several book chapters and scholarly articles on topics such as sensory and motor functioning, genetic syndromes, and Tourette's Disorder. He has completed over 30 presentations at national conferences. Dr. Hall is currently working within the Sections of Neurology and Developmental and Behavioral Sciences as a member of the Comprehensive Epilepsy Center; a nationally recognized Level IV epilepsy center and one of only a dozen pediatric centers in the country. His areas of clinical interest are the neuropsychological evaluation of children with epilepsy, congenital heart disease, and Tourette's Disorder.

...Board Certified Pediatric Neuropsychologist
