### Biography:

- Dr. Parsons has been a staff member of Comprehensive MedPsych Systems, the largest private, multidisciplinary behavioral health organization in Florida, for 10 years. She performs Neuropsychological Evaluations assessing neuropsychological, learning/educational, behavioral and emotional status for children 4-21 with a wide range of neurodevelopmental disorders including ADHD, Learning problems and Disabilities, seizure disorders, Fetal Alcohol spectrum disorders, Autism spectrum disorders, and traumatic brain injuries. The emotional and psychological aspects of these disorders are closely assessed and comprehensive parent feedback and consultation with the school system is included.
- Dr. Parsons also offers parent consultations, psychotherapy with adults, and Neuropsychological evaluations with adults. Prior to CMPS she served as a psychotherapist and neuropsychologist in a number of outpatient settings, as well as private practice, in California and Florida.
- Dr. Parsons completed her Doctoral degree in Clinical Psychology in 1988 from the University of Virginia after receiving her Bachelor's Degree in Psychology from Pomona College in California. She also holds a Master's Degree in Educational Psychology from the University of Virginia. She completed an APA-Accredited internship at the Veteran's Administration Medical Center in San Francisco, which included a rotation in Neuropsychology, along with specialized training in Substance Abuse, and Individual and Family psychotherapy.
- Dr. Parsons is licensed in Florida and maintains an "inactive" license in California. She is a member of the American Psychological Association.
